

NEW RULES AFFECTING THE SHAWANGUNK MULTIPLE USE AREA CAMPERS - March 2011

Due to continued impact on public health, safety and environmental resources at the Shawangunk Multiple Use Area, designated campsites are being reduced to 9 as shown on the map.

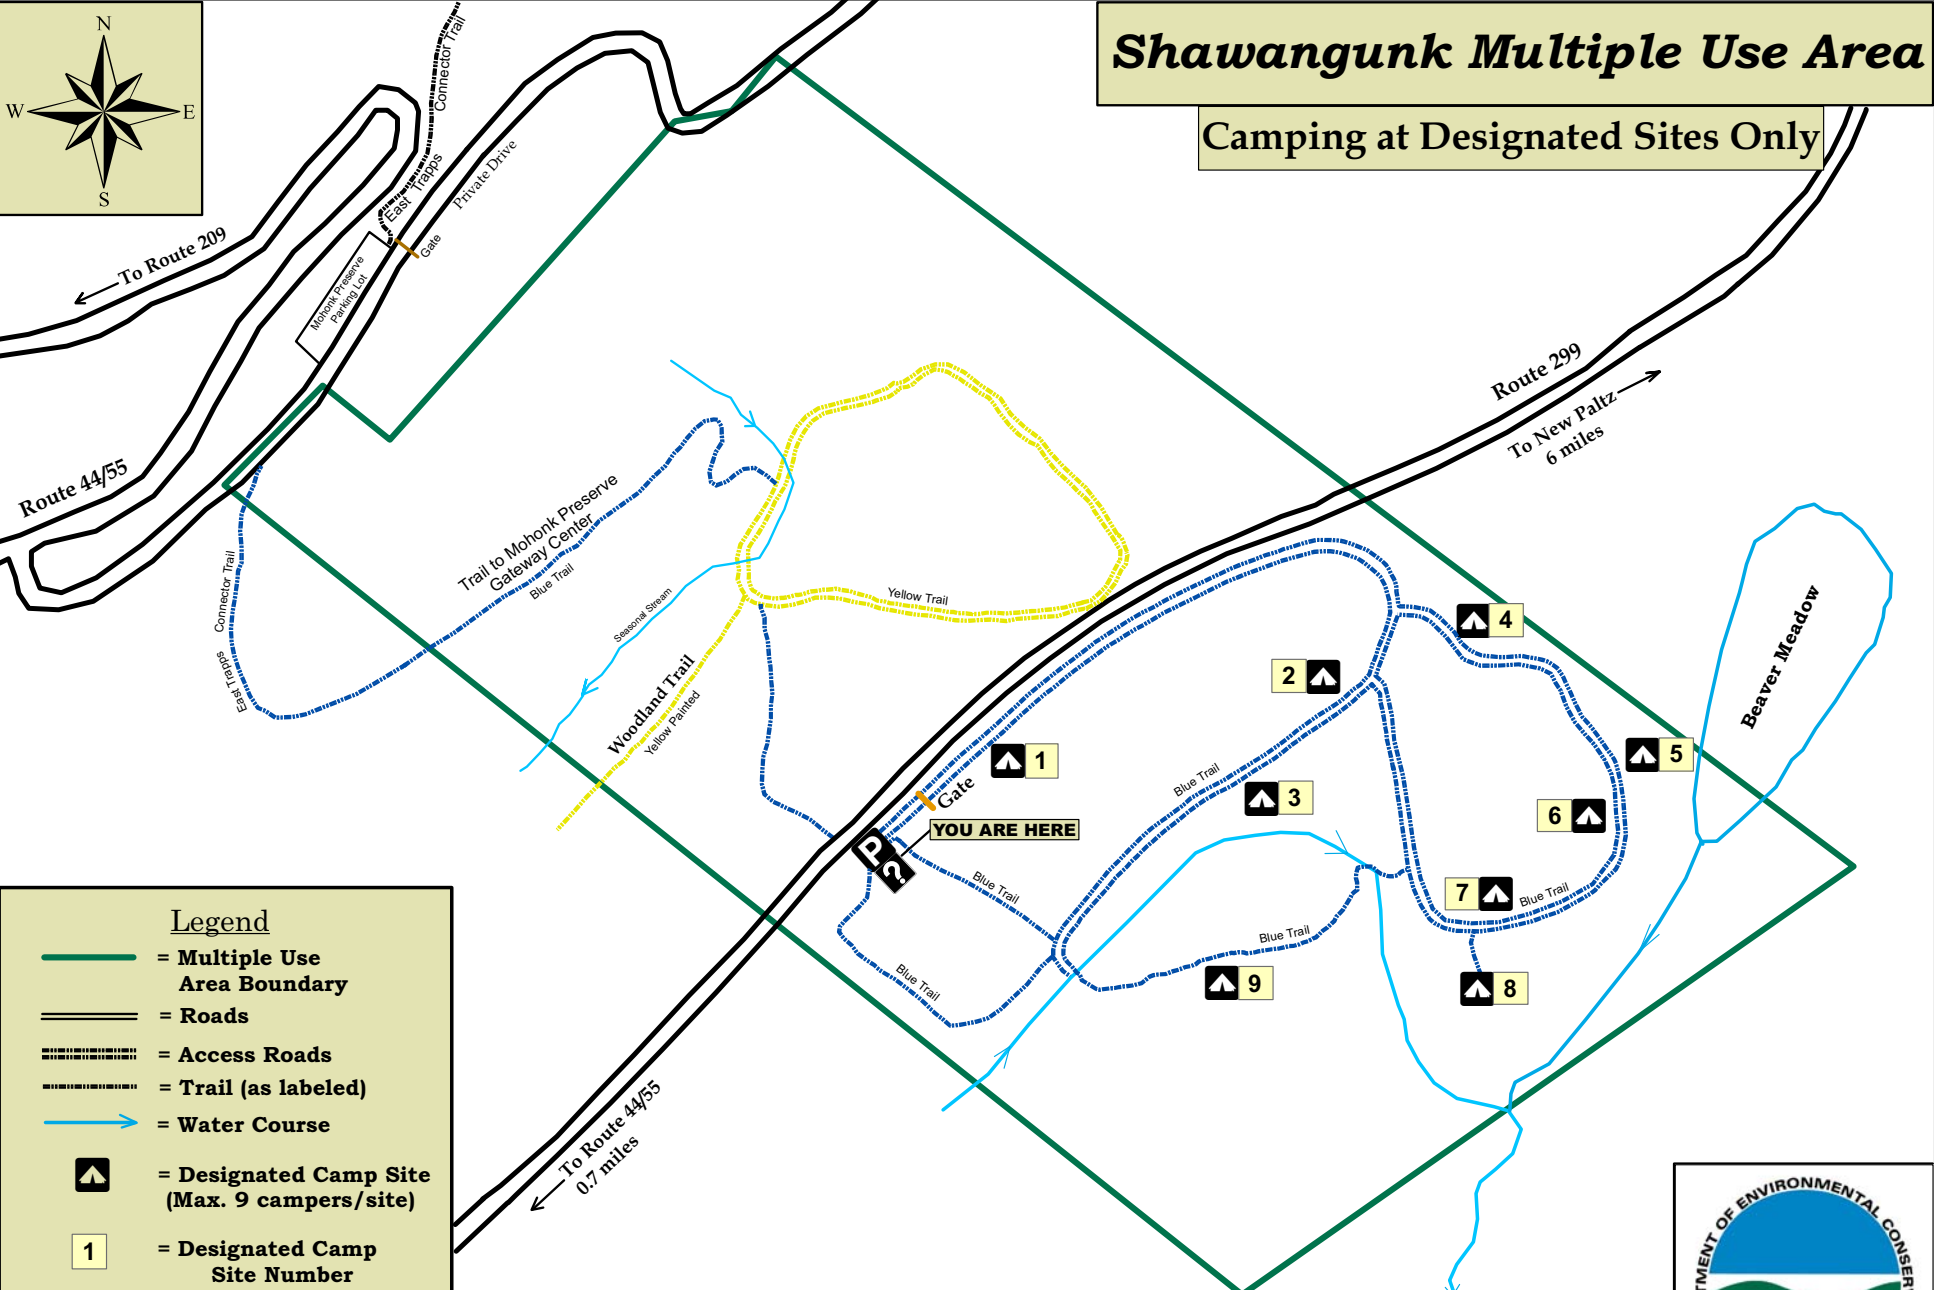

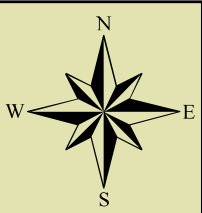

All designated camp sites will be on the south side of the road and large enough to accommodate the legal limit of up to 9 campers per site. Groups are encouraged to share campsites in order to allow the maximum number of 81 campers.

Parking will only be allowed in the main parking lot on the south side of the road, the same side of the road as camping. The parking lot on the north side of the road will be blocked off to prevent the public (campers) from parking there and crossing the road to camp. Parking along the shoulder of route 299 will be prohibited to limit traffic/pedestrian issues.

Any questions should be directed to Jeffrey Wiegert at (845) 256-3084
